

Angel Up Front

An Overview of Angel Up Front

Angel Up Front has been gigging regularly since 2002 as a female fronted four piece cover band. We have lots of experience of playing live, making friends with audiences and making sure they have at as much fun as we can every time we play.

What We Play

We play Pop, Rock, Indie, a little Disco and a few other genres to add a little spice here and there.

Every song we play is a tried and road-tested crowd pleaser for audiences of all ages, from the Dandy Warhol's to the Darkness, from Michael Jackson to Maroon 5, from Blondie to Bryan Adams and even from Gloria Gaynor to Guns'n'Roses.

Our line-up is:

- Female lead vocalist
- Bass & backing vocals
- Guitar
- Drums

Audience Participation

When appropriate we go out of our way to make a connection with audiences and get them involved in singing along, dancing, and sometimes even playing along with the band; sometimes we like to escape from the stage and join in the fun on the dance floor. Although we're not a comedy act, our performances emphasise having fun as well as playing quality music.

We use some props so members of the audience can get involved whether it's a tambourine or an inflatable guitar to play air guitar with.

We're good with birthdays usually getting the whole audience to root for anyone who has one.

There is chat between some songs and some songs go straight from one to another to maintain continuity.

We're Flexible

We will adapt our set list to suit our expected audience before the gig, but we are also flexible on the night as appropriate.

We play up to two and a half hours in any format a client wants but normally require at least one break. Usually, the longest single set we will play will be one and a half hours.

If a client has a special request we will accommodate it if we can. For example, we will learn requested songs if time permits, make special announcements, and we're also happy to invite any clients who are also musicians to join the band for a few numbers; in general, if there's something a client would like, we'll do what we can.

Reliability & Ease of Working Relationship

We pride ourselves on our reliability; since 2002 we have never been stopped by the weather and very seldom by illness.

We are well organised, and always aim to get in and out of venues with the minimum of fuss. We are proud of our reputation for being easy to work with, friendly and flexible; we love what we do, and we like to think that this comes across and makes the entire experience more enjoyable for everybody involved.

Own equipment

We have our own PA and lights suitable to play up to a medium size venue of around 500+ people. If a larger PA is required then we can provide one for an additional fee or use one provided for us by the venue as appropriate.

We can play music between sets from our MP3 player or from a client's MP3 player.

The Types of Venues We Typically Play

Since the inception of Angel Up Front, we have played a variety of events, including weddings, parties, corporate functions, festivals, motorcycle rallies, pubs, clubs, and charity events; we are at home in all of these environments, and we know what material and approach normally works best for each.

Band Members

Rosa Gray

Rosa is an energetic and strong singer with lots of charisma who thoroughly enjoys being on the stage and entertaining people. She has played in several function bands including her own band; "The Rosa Gray band".

After graduating with a BA in Music from Bath Spa University studying jazz flute Rosa has become a full time musician. Rosa also plays saxophone and is an experienced events manager.

Alan Pout

Alan has been playing guitar in a variety of originals and covers bands for many years and can turn his hand to just about any style. Alan has a great sense of fun and will put on a show as well as playing the guitar. All part of our philosophy of “if we have fun then so will our audience”.

Ben Brook

Ben provides bass and backing vocals, locking in with Stuart to keep the rhythms tight and working together with Alan to keep the entertainment coming. There’s no just standing there with Angel Up Front.

Stuart Chalmers

Our drummer Stuart is the driving force behind the band and a founding member. He has been playing in covers and original bands all around the UK and in Europe since he was 15, and his arms still haven’t got tired yet.
